

## ACKNOWLEDGEMENTS

Many people and institutions have helped make this, the Ventura Village Comprehensive Land Use Master Plan, possible.

Many of the same people and institutions are working alongside our community to bring the ideas listed within it into reality.

We are grateful for the many contributions made to this document and our community by:

- The City of Minneapolis, especially by the Mayor, Sharon Sayles-Belton, and by City Councilpersons Jim Niland, Brian Herron, Paul Ostrow, Lisa Goodman, Joan Campbell, Kathy Thurber, Lisa McDonald, Dore Mead, Jackie Cherryhomes, Joe Biernat, Barbara Johnson, Sandra Coulvin-Roy;
- Metropolitan Sociometrics Research Institute, especially by James N. Haidos and Jim Graham, whose 30-year-old models for community design still apply;
- The City of Minneapolis Grants and Special Projects Department, especially by Ken Brunsvold and his staff;
- The City of Minneapolis Planning Department, especially by Darryl Stokesbarry and his staff;
- The Metropolitan Council, especially by Tom McElvin and his staff;
- The Department of Urban and Regional Planning at the University of Minnesota's Humphrey Institute, and by Urban and Regional Planning students Li Luan, Jill Mazullo, and Susan Thomas;
- Grebner Associates;
- DJR Architecture, especially Nancy O'Brien;
- The Community Design Group;
- our Ventura Village Dream Weaver staff;

And most of all, we thank our residents and friends, who have worked long and difficult hours resolving the many complex challenges that have come our way, and who have always provided us with an unfaltering vision for what our neighborhood can be.
